GROVER & BAKER SEWING MACHINES.

To the Nervous AND DEBILITATED.

Whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable!

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or frothy, or is itropy on settling? Or does a thick skin rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and their right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflated by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—scurvy, lunacy, paralysis, spinal affections, idiocy, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have died for it, but the right one.

Diseases of those organs require the use of a Diuretic. HELMHOLD'S FLUID EXTRACT BUCHU is the Great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmhold's Extract Buchu, established upward of 19 years, prepared by H. HELMHOLD, Druggist, 694 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$5.50, delivered to any address. Sold by all Druggists everywhere.

WOMAN

By an immense practice, extending through a period of many years, having within that time treated over nine thousand cases of those diseases peculiar to the female sex, I have been enabled to prepare and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

This medicine is the result of my most matured application of its value, based upon actual and witnessed results. As a close observer, I have watched the progress of the disease, and the special diseases incident to the separate organs of woman, singled it out as the *climax* or *culminating point* of the disease, and the only safe and effectual remedy for this class of diseases, and one that will at all times and under all circumstances, and in every form of the disease, govern the female system. I am willing to stake my reputation as a physician. Nay, even more, to stake my life, that it will cure every case of the disease, and the most dispiriting and despondent expectations of a single invalid lady who employs it for the cure of the disease, will be accomplished by the time she has returned the bottle, two-thirds of the medicine having been taken according to directions, and the rest of the medicine, which I recommend, it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it to do under these conditions. I have cured the most truly miraculous cases in thousands of cases, and my reputation is well known in every part of the world.

The following are among those diseases in which my Favorite Prescription has worked cures, and it is by magic and with a certainty never before attained, by any medicine: Leucorrhoea, Excessive Flowing, Painful Menstruation, Suppression, Stagnation, Catarrh, irregularities, Weak Back, Protrusion, or falling of the Uterus, Anterior and Retroversion, bearing Down, Seminal Discharges, Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, and every other chronic disease peculiar to woman not mentioned here, in which, as well as in the cases which I have mentioned, my Favorite Prescription works cures, and it is the only medicine that will cure them.

DR. PIERCE'S FAVORITE PRESCRIPTION FOR WOMEN. It is a natural compound of the most powerful and restorative agents in the vegetable kingdom. It restores GREY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than five bottles of any other preparation.

It is recommended and used by the First Medical Authority.

The Wonderful results produced by this Sicilian Hair Renewer have induced its manufacture in various preparations for the hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, and claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original; it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

DR. PIERCE'S Fountain Nasal Injector, or DOUCHE.

This instrument is especially designed for the perfect application of DR. PIERCE'S CATARRH REMEDY.

It is the only form of instrument so constructed with which fluid medicine can be carried deep up and perfectly applied to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which scores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. In using this instrument the fluid is carried by its own weight, no suction, forcing or pumping being required, no force is used, and the fluid passes into and thoroughly cleanses all the tubes and chambers connected therewith, and flows out the opposite nostril. It is pleasant, easy, and does not hurt.

Full and explicit directions accompany each instrument. When used with this instrument, Dr. Pierce's Catarrh Remedy cures recent attacks of "Cold in the Head" by a few applications.

Symptoms of Catarrh. Frequent headache, discharge falling into throat, sometimes profuse, or watery, or bloody, or purulent, or in others a dryness, dry, watery, weak or inflamed eyes, stopping up or obstruction of nasal passages, profuse sneezing, itching and tingling in the nose, clear throat, alterations, scabs from nose, violent sneezing, nasal itching, offensive breath, loss of taste, dizziness, mental depression, loss of appetite, and in some cases, loss of voice, or hoarseness. A few of these symptoms are likely to be present in any case at one time.

Dr. Pierce's Catarrh Remedy, which need with Dr. Pierce's Nasal Douche, and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease. A \$500 reward for a case he can not cure. The Remedy is mild and pleasant to use, and is sold by all Druggists, or sent by mail for \$1.00 per bottle, or \$5.00 for six bottles, by Dr. PIERCE, N. D., Sole Proprietor, BUFFALO, N. Y.
